

**Anthropology 640.01**

**Primate Behavior**

**Scott McGraw**

<b><u>Table of Contents</u></b>	<b><u>Page</u></b>
Syllabus	01
Gursky. "Determinants of Gregariousness in the Spectral Tarsier"	09
Nekaris & Rasmussen. "Diet and Behavior of Mysore Slender Lorises"	19
Sussman et al. "Infant Killing as an Evolutionary Strategy: Reality or Myth?"	33
Hardy et al. "Infanticide: Let's Not Throw Out the Baby With the Bath Water"	37
Wilson & Wrangham. "Intergroup Relations in Chimpanzees"	41
Parker. "Swingers"	71
Breuer et al. "First Observation of Tool Use in Wild Gorillas"	81
Wrangham. "An Ecological Model of Female-Bonded Primate Groups"	85
Van Schaik. "Why are Diurnal Primates Living in Groups?"	105
Stensland et al. "Mixed Species Groups in Mammals"	129
Harcourt. "Sexual Selection and Sperm Competition in Primates: What are Male Genitalia Good For?"	149
Isbell. "Predation on Primates: Ecological Patterns and Evolutionary Consequences"	159
Hill & Lee. "Predation Risk as an Influence on Group Size in Cercopithecoid Primates: Implications for Social Structure"	171
Whiten et al. "Cultures in Chimpanzees"	181
McGrew. "Cultures in Nonhuman Primates?"	185
van Schaik et al. "Orangutan Cultures and the Evolution of Material Culture"	213

Wrangham. “The Significance of African Apes for Reconstructing Human Social Evolution”	217
Dunbar. “The Social Brain: Mind, Language, and Society in Evolutionary Perspective”	229
Boesch-Achermann & Boesch. “Hominization in the Rainforest: the Chimpanzee’s Piece of the Puzzle”	249
Oates. “The Dangers of Conservation by Rural Development – a Case-Study from the Forests of Nigeria”	257
Hill. “Primate Conservation and Local Communities – Ethical Issues and Debates”	265
Rowcliffe et al. “Do Wildlife Laws Work? Species Protection and the Application of a Prey Choice Model to Poaching Decisions”	275
